The Hallelujah Sisters grew up in the House of the Lord, but their home was built on secrets and lies.

Music, money and murder collide with the dreams and ambitions of three gifted and talented sisters as they skyrocket from the church choir to the top of the *Billboard* charts.

The Universe

In the late 1990's, the deindustrialization of Detroit was a major factor that led to murders, drugs and the infiltration of organized gangs, giving the city one of the highest crime rates in the country.

The Universe

Gibraltar, MI, a sleepy middle-class suburb of Detroit with a population of a little over 20,000, is secretly the headquarters of the O'Malley clan -- a vicious gang of notorious Irish mobsters.

The Universe

The current political atmosphere also led to the re-emergence of The Black Legion, a radical offshoot of the Ku Klux Klan who rule by terror and violence. It's against this tumultuous backdrop The Hallelujah Sisters struggle to survive, thrive and rise to the top.

The Gift of Second Sight

Psychic phenomenon has been a well-kept secret in the Owens family for centuries. The gift often skips generations and mostly prevails in the women in the family.

The grandmother, Phoebe Owens, has psychic visions of moments to come. Her daughter, Ruth, hears voices that often warn, frighten and confuse her. Her granddaughter, Candace, has psychic dreams that cryptically foreshadow the dangers that threaten their world.

The Hallelujah Sisters

As the story unfolds, Pastor Solomon's church and family are dragged deeper and deeper into the clutches of the O'Malley Clan's web of crime and corruption.

The romances, betrayals, passions and love affairs run hot for all of our characters as their lives intertwine and explode off the screen.

Music drives the drama as the past creeps into the present and threatens to strangle all of their futures.

The Hallelujah Sisters

Candace Pickens (19), the oldest “Hallelujah Sister” has always felt like the family outsider due to a strained and contentious relationship with her mother. Her gifted singing voice and songwriting skills are only surpassed by her gift of “Second Sight.”

Chloe Pickens (17), the middle ‘Hallelujah Sister” and “wild one” of the three, knows in her heart she’s a superstar. Her obsession with fame and wealth catapults her into a world plagued by addiction and a dangerous love affair.

Claudia Pickens (16), the “baby” of the family, is the rare combination of spoiled and shy. With the voice of an angel, she could be the break-out star but only if the road to stardom doesn’t break her first.

The Pickens Family

Solomon Pickens (42), a charismatic preacher whose ambition to build a mega church drives him to break the very commandments he preaches.

Rachel Owens Pickens (42), the First Lady of the church, aspires to be a pillar of society and she's not about to let anyone or anything get in the way of her quest for money, power and fame.

Joshua Pickens (21), their oldest child, is the flawed "dark knight" of our story. After a mysterious two-year absence, his return brings corruption, fraud and the mob into the heart of the family.

The Owens Family

Phoebe Owens (60), stage mother to her talented daughters Rachel and Ruth, possesses the gift of psychic phenomena in the form of visions. But despite her gift of “Second Sight,” Phoebe fails to see that her deceptions, lies and mob connection could set her family on a downward spiral to disaster.

Ruth Owens (40) is Phoebe’s flighty, willful and wildly unpredictable youngest daughter. Confused by the psychic voices in her head, her penchant for bad boys and bad decisions leads to danger, heartbreak and even murder.

The O'Malley Family

Grace O'Malley (40), the red-headed, beautiful, cutthroat queen of the local Irish mob, rules with an iron fist. After the murders of her brother and her gangster father, she's forced to run the family's drugs, money laundering and sex trafficking business, ruthlessly scheming to keep the family enterprise lucrative by any means necessary.

Kayne O'Malley (26), the nephew Grace raised from the age of three, is a lady killer and the family's #1 henchman in furthering their criminal enterprise. His psychotic temper and drug abuse leads him down a path to destruction.
